1. Outline progress over the last 6 months (April – Sept) against the agreed project implementation timetable (if your project has started less than 6 months ago, please report on the period since start up to the end September).

As the start of the project was delayed owning to a delay in the grant decision, with the grant agreement having only been formally signed between LTS and ZSL during September 2021, there hasn't been much progress in implementation between the start of the project and the end of September. ZSL Nepal has nonetheless conducted preparatory meetings with partners, including the Department of National Parks and Wildlife Conservation (DNPWC), the South Asia Wildlife Enforcement Network (SAWEN), Himalayan Nature and Mithila Wildlife Trust, regarding this project. Partner discussions have involved project debriefs, agreement on timelines for project activities and groundwork on communities to provide a strong foundation for implementation from Q3.
